

CARRERA TF PRO

10G Self-Loading stretcher With housing for spine board

Carrera Pro is a self-loading stretcher for patient transport usable in rescue operations on streets and rescue vehicles. The legs fold away independently, activating the dedicated commands and they open automatically during the unloading procedure. The spinal board can be placed in a dedicated housing located under the patient board. 10G Certified if used with Spencer S-MAX certified fastener.

Specific features
Polyethylene board easy to clean
Color coded commands
Adjustable backrest (from 0° to 75°)
Antishock position Trendelenburg and Fowler
2 fixed wheels and 2 pivoting with large diameter to make
movement easier
Brakes on rear wheels
Foldable side bars Safe bar
Spinal board easy to remove, making immobilization procedures
faster
