

CROSS UP 8409 TWIST 10G

Trolley with adjustable heights

Self-loading trolley to be used with the stretcher Cross Up 8409. The legs fold away independently, activating the dedicated commands during loading procedures, and open automatically when unloading. The adjustable heights systems is easy to use, lifting and lowering procedures require minimal effort. 10G certified if used with the dedicated fastener R-MAX

Specific Characteristics

Color coded commands
 Extreme maneuverability thanks to the Twist system which, when operated, makes pivoting all 4 wheels (360 degrees).
 Brakes on rear wheels
 Adjustable heights system to make easier the transfer procedures of the patient placed on the stretcher
 Quick coupling mechanism to fix the 8409 stretcher
