

DOLPHIN

High visibility bag

A carry bag realized with durable materials to protect the rescue device Dolphin. The high visibility is ensured by a bright coloration and reflective stripes. The bag has two handles and a transparent pocket.

The use of the bag precludes that of the handles, shoulder straps available and Flex Mask on the model Dolphin PRO. To use them, is necessary to remove Dolphin from the bag.

TECHNICAL DATA

Measures included in the kit (internal diameter)	5 mm; 5.5 mm; 6 mm; 6.5mm; 7 mm; 7.5 mm
Dimensions of the rigid package (base included)	190x135x70 mm
