NXT MAX P 10g fastener/charger For NXT lung ventilators

10g fastener and battery charger with quick release system for use with Spencer NXT electronic lung ventilators

Specific features

- Its shape is designed to allow easy and quick placing of the lung ventilator on the fastener
- The quick release button on the front side is easy to operate
- Thanks to the perfect integration between the fastener and the lung ventilator, the overall dimensions remain almost the same as those of the lung ventilator alone, increasing its height by only a couple of centimeters
- Easy to install inside the emergency vehicle, is fastened using the base
- Compatible with 170NXT and 190NXT lung ventilators
- The battery charging starts simply by placing the lung ventilator on the fastener

Reference standard

EN 1789:2007 + A2:2014
