

HIRVIN

Carrying sheet

Hirvin injury transportation sheets are devices to be used to move and transport patients in a lying or seated position.

Specific features

- Built with fire-resistant materials
- Easy sanitation thanks to the non-absorbent materials
- Nylon stitching to ensure high resistance
- The width of the tape of the handles ensures a secure and safe grip
- Requires minimal storage space

Accessories

- CBO3000A Carrying bag orange with handles

Reference standards

UNI EN 1865-1
