

SKID-OK

Ultralight evacuation chair

SKID-OK is an evacuation chair ideal for transfers on descending stairs thanks to the handle on the rear side and slide system with belts. The four wheels also allow the transport on the plane surface.

Specific features

- PVC sheet easily cleanable equipped with quick release buckles to adjust the tension
- Footrest
- Front wheels pivoting with brake
- Rear wheels of large diameter to increase the sliding
- Mobile headrest sheet to adapt to the patient's height
- Reduced storage dimensions

Reference standard

N.A.
