

B-BAK PIN MAX

Spinal board with pins

B-bak Pin Max spine boards are devices designed to lift and immobilize patients with suspected spinal injuries.

Specific features

The number of handles, their placing and their shape offer an easy grip even in difficult conditions

The tapered shape allows to place the device inside Spencer basket stretchers

Smooth and rounded surfaces ensure an effective sanitation

Robust and light structure to ensure high resistance

Slides on the lower side to minimize sliding resistance during the application

The low thickness makes the application and storage easier

Equipped with pins to allow easy fixing of belts with snap hook

Technical data
