

Z7200 Self

Self-loading stretcher

Self-loading stretcher for transport of corps, suitable to limit the effort for the users during loading procedures.

Specific Characteristics

- Easy to clean plastic board
- Wheels with large diameter to increase sliding action even if carrying heavy loads
- Stationary brake on rear wheels
- Can be lifted thanks to the possibility to lock the opening of the legs
- The versatility is guaranteed by the numerous adjustments possible for the loading carriage

Standard equipment

ST70002A | STX702 two pieces black belt

Accessories

ST42100A | FP Posterior fastener
ST42200A | FA Anterior fastener

Technical data
