

Dimensional modification
MATCH 2 COMPACT
 Emergency hammer

The modification relates to reduction of the size of the product, thus allowing to have an emergency hammer even more compact than the previous model. Match 2 Compact comes complete with wall fixation system.

TECHNICAL DATAs

Dimensions without wall fixation system	135 x 75 x 25 mm
Dimensions with wall fixation system	140 x 90 x 35 mm
Weight without wall fixation system	150 g
Weight with wall fixation system	160 g
Material	Shockproof ABS and stainless steel
